

ALBERT PRIMARY SCHOOL

YSGOL GYNRADD ALBERT

24TH APRIL 2020

Dear Parents/Carers,

I hope you and your families are staying safe and well at home. During these unprecedented times you are all at the forefront of our thoughts. We really are living in challenging times and everyone at Albert Primary wants to stay as connected to you all as much as we possibly can. Pupils can communicate to their teachers through their Hwb email accounts. As parents and carers you can continue to follow us on Twitter and communicate to us through the 'Contact Page' on our website www.albertprimary.co.uk; alternatively, the school office can be contacted via email via albertps@valeofglamorgan.gov.uk. [Please appreciate that Admin Staff are working remotely for the majority of the week so response times may take longer than normal.]

I would like to remind you that our Home Learning activities started on Monday 20th April. Staff are already setting activities for children.

At Albert Primary we are dedicated to ensuring that every child is electronically safe. With this in mind, as your children are working from home, please be vigilant when they are working online to help safeguard them from any potential dangers when using the internet. We would recommend that children use devices in rooms that have adult supervision. Please ensure that your children are only visiting sites or apps that are suitable for their age.

<https://www.net-aware.org.uk/> is an excellent site to visit to ensure your children are safe online and to check the age range or appropriateness of any app or site.

School staff are currently helping keep our Victoria Hub school open for the children of key workers. They are also setting work; liaising and supporting their pupils where necessary; providing pastoral support; marking work and planning future work as well as continuing with their own personal professional development.

I have been asked by the staff to pass on their thanks to all the children who sent in videos recently. They brought smiles and tears to us all.

Stay safe and well,

A Gilbert
